Multiplication

The sign of **Multiplication** is x.
This sign means you should **multiply** the **numbers** on **both sides** of it.

A **set** means a **group**.
Here are **3** sets of cats.

There are **2** cats are there in all?
How many cats are there in all?

How many sets are there? ....3.....

How many  in each set ....2.....

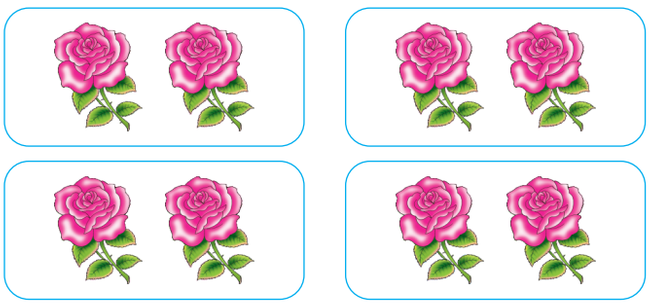

How many  in all .....6.....

There are 2 + 2 + 2 cats (by addition)

or 3 × 2 = 6 (by multiplication)

3 × 2 = 6

How many?

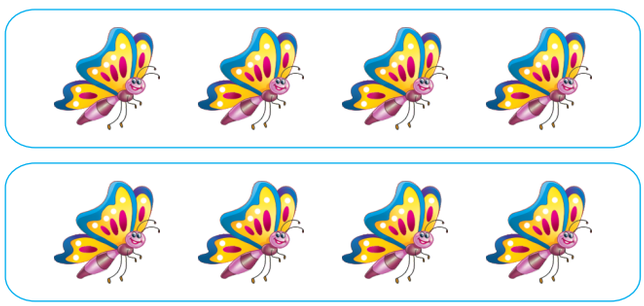

How many sets are there? .....

How many  in each set .....

How many  in all .....

..... × ..... = ...

How many sets are there? .....

How many  in each set .....

How many  in all .....

..... × ..... = ...
